

The **KINGBIRD**

VOLUME II, No. 3

OCTOBER • 1952

FEDERATION OF NEW YORK STATE BIRD CLUBS

TOM AND IRENE HADLEY, a nature team, have appeared throughout the nation on Audubon Screen tour lectures. They are shown here recording the songs of birds with the aid of a parabolic sound reflector. Formerly a General Motors executive, Mr. Hadley has infected thousands with his enthusiasm as a naturalist, wildlife photographer and philosopher.

**"For intimate,
exciting
close-ups"**

Bausch & Lomb binoculars are to the eyes what a parabolic reflector is to the ears . . . they both bring out the detailed beauty of the Out-of-Doors in rich, clear, sharp focus . . . intimate, exciting close-ups of wild-life in their native habitat.
