ROGER TORY PETERSON is author of the bird watcher's bible — "A Field Guide to the Birds" — which is still a best seller after fifteen years. His paintings and photographs of birds have been widely published, and he is credited with having roused much of the current popular interest in bird watching. Peterson is a coast-to-coast lecturer for the National Audubon Society.

"A Lifetime Investment"

Writes **ROGER TORY PETERSON**: "One of the real advantages of bird watching as a hobby is that it involves little expense. A good binocular and a good bird guide are the only requisites. A fine binocular is a lifetime investment, which makes the yearly 'premium' very low indeed."
