NEW! 10X TELESCOPE by **BAUSCH & LOMB** **THE BALSCOPE TEN**

For the first time...a *quality* telescope for only \$9.95!

The Balscope Ten, newest B & L telescopic instrument, is ideal for the friend whose beginning interest in bird study does not as yet justify the expense of binoculars, or for the youngster just awakening to the wonders of nature. And you may want one as a supplementary instrument for knock about use, to keep in the car, for occasional identification of water birds,

for spotting landmarks, etc.

The Bausch & Lomb Balscope Ten is only 10¼" long, weighs a mere 9 ounces. Unlike a clumsy drawtube, a single turn of the eyepiece focuses from a few yards to infinity. A handy belt holster is an accessory item at only 98¢. Now available from your dealer. Bausch & Lomb, Rochester 2, New York.
