NEW BALSCOPE ZOOM 60 Telescope gives you instant power dialing to **any** power from 15x to 60x! First scan the landscape at a wide 15-power field of view. Spot your target. Then zoom in as close as you wish . . . 20x, 30x, 40x, 60x or anywhere in between. A roll of a finger across the control knob increases or decreases power **instantly**. Focus just once with the same easy one-finger dialing. Focus stays constant at all powers! You're sure of getting finest spotting performance because this variable power telescope is the result of over 100 years' skill and experience in the manufacture of fine optical products by Bausch & Lomb.

Balscope Zoom 60 is sealed against rain, moisture and dust for brilliant clarity always. Sage green finish is made to take hard use without chipping or scratching. Mounts directly on any standard camera tripod without special adaption. Screw-on caps protect objective and eyepiece lenses. Two models available: with straight eyepiece, \$149.50; with 45° inclined eyepiece, \$159.50. Write for free literature on Balscope Zoom 60. Bausch & Lomb Incorporated, Rochester 2, New York.
