REGION 8 – HUDSON-MOHAWK

There is no Region 8 report because we have no Editor for Region 8.

REGION 9 – DELAWARE-HUDSON

EDWARD D. TREACY

Basically this was a rather lackluster season in almost every way. There were no great weather changes with the exception of Hurricane *Gloria* and even that was a bust as far as winds and rain were concerned. Thankfully there was little damage reported, but with one or two exceptions no exotic birds were present either. Reservoir supplies were raised only slightly, and were it not for a few
