- Evans WR. Nocturnal flight call of Bicknell's Thrush. *Wilson Bull.* 106(1): 55-61.
- Hestbeck JB. Compatibility of management and the scientific method: northeastern Canada Goose study. *Northeast Wildlife* 51: 75-80.
- Houston RA, Malecki RA. Habitat use and nest success of Mallards in bottomland hardwoods of western New York. *Northeast Wildlife* 51: 21-28.
- McGinley KE, Field R. Wood Duck nest box management on national wildlife refuges in the northeast. *Northeast Wildlife* 51: 47-54.
- Sauer JR, Dolton DD, Droege S. Mourning Dove population trend estimates from call-count and North American breeding bird surveys. *J. Wildlife Manage.* 58(3): 506-515.

CORRECTION TO THE 1994 BIBLIOGRAPHY

Vivian Pitzrick was incorrectly given as the author of the following article. This study was done in Windsor County, Vermont, and should not have been included in the 1994 bibliography of New York state ornithology.

Merrill F. Winter bird population study: old pasture shrub with hedgerows and seasonal wet area. *J. Field Ornithol.* 65 Suppl 2: 34-35.

Please send any additions or corrections to the above bibliography to: Phyllis R. Jones, *Sullivan County Community College, Loch Sheldrake, NY 12759. E-mail: jonespr@sullivan.suny.edu*
