This publication of the Bibliography of New York State Ornithology will be the last to appear in *The Kingbird*. The Bibliography Committee is investigating the possibility of making the bibliography available online. We hope to create a resource for multiple years, with searching available by species and location, as well as by author.

Please send any additions and corrections to the 2000 Bibliography to Phyllis Jones, Sullivan County Community College, Loch Sheldrake, NY 12759,
jonespr@sullivan.suny.edu.

They will be printed in *The Kingbird*.
